

# INSIDE

Safety: As a general rule, text and graphic elements in your artwork's design should be kept within these lines.

Fold Lines: To Ensure that your text remains legible, keep text within the safety line.

Art: Place your completed design on this layer. This line shows where your design will be trimmed.

Bleed: Artwork that you want to run to the edge of your card (such as the background color) must extend to at least this line.

# OUTSIDE

**Safety:** As a general rule, text and graphic elements in your artwork's design should be kept within these lines.

**Fold Lines:** To Ensure that your text remains legible, keep text within this line.

**Art:** Place your completed design on this layer. This line shows where your design will be trimmed.

**Bleed:** Artwork that you want to run to the edge of your card (such as the background color) must extend to at least this line.
